The FEMA floodplain shapefile and its corresponding information should not be used for official or legal purposes. The FEMA floodplain shapefile should be used for informational and/or planning purposes only. The shapefile (digital Q3 Flood Data) cannot be used to determine absolute delineations of flood risk boundaries, but instead should be seen as portraying zones of uncertainty and possible risks associated with flood inundation. The quality, accuracy, and reasonableness of any applications developed using this shapefile and its corresponding information are the sole responsibility of the end-user. For official floodplain designations, consult the paper FIRMs located in the Livingston County Planning Department.
